BOARD OF TRUSTEES
DIRECTOR'S REPORT

Meeting Date: November 13, 2019
By: Kevin Lee, District Director

Exhibit 11.2

TITLE: Change of Benefits Brokerage Discussion

DISCUSSION:
It is a good practice to review our benefits policies annually. We decided to explore
other brokers to see if there are better alternatives in respect to cost and service
perspectives. We found WSP to stand out from the competition.

Scott Piratt provided a copy of Benefits Cost Analysis that included a comparison of
different options just a few months ago. There was not a huge cost difference that I
found from the analysis. But, I did find Scott’s knowledge to be impressive and that that
may be a benefit to the library.

We recently received our standard proposal from our current broker. There is an
increase in the cost of our medical plan by 13.74%; dental and vision remains the same.
There is a possibility that Scott can negotiate with the carriers and bring that down.

Scott would serve as our Benefits Manager if the Board approves the contract between
WSP and the District. This means we would have access to Scott and his team
whenever we have questions about our benefits plans. He would also provide any
important news and updates, and relevant information that may benefit the District.

RECOMMENDATION:
Information only. No board action at this time.
